## Commissioner for Patents

The reply filed on 1-3-08 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): applicant has failed to elect a single species of first, second, and third trap medias as set forth on page 4 of the restriction requirement. An example of a proper species election would include the following: silica sand for the first trap media; phosphate for the second trap media; metal oxyhydride for the third trap media. See 37 CFR 1.111. Since the above-mentioned reply appears to be bona fide, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
